Meet the Future of
Cybersecurity.

AUTOMATED & FULLY MANAGED CYBERSECURITY-AS-A-SERVICE FOR STARTUPS & SMBs.

Who is Cyvatar?

We are a collective team of passionate humans with a purpose. Everyone at Cyvatar shares the mission (and passion) to transform the cybersecurity industry for the better, making security accessible and achievable for businesses around the world.

And for our day job...
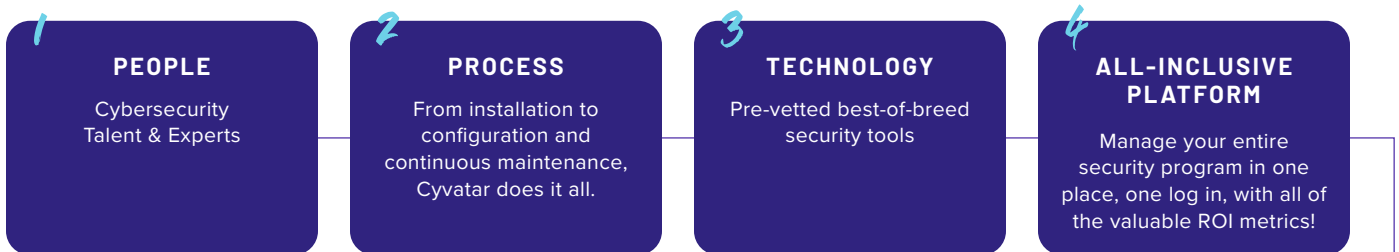

We're your Cyber Avatars!

Cyvatar delivers effortless cybersecurity solutions with measurable outcomes for companies, so they can earn customer trust and grow. Think of us as your 'Cyber Avatars!'

How and why does Cyvatar do that?

We're living in a vendor-centric, tool-crazed industry. Security vendors profit off customer failure with a reactive approach. There is a cybersecurity skill gap shortage, and customers are losing.

Until Cyvatar showed up. Companies of all sizes need to secure their business but may not have the in-house expertise, steep funds, or time to build a strategy.

With Cyvatar, businesses get:

1 PEOPLE	2 PROCESS	3 TECHNOLOGY	4 ALL-INCLUSIVE PLATFORM
Cybersecurity Talent & Experts	From installation to configuration and continuous maintenance, Cyvatar does it all.	Pre-vetted best-of-breed security tools	Manage your entire security program in one place, one log in, with all of the valuable ROI metrics!

What the @%$& is Cybersecurity as a Service?

Strong cybersecurity isn't a one-time event. It's an ongoing, continuous process. CSaaS is an all-inclusive model that allows every business to achieve cybersecurity confidence by leveraging a holistic and proactive strategy. Instead of managing multiple vendors and tools, Cyvatar's CSaaS bundles the people, process, and security tech into one offering.

No longer do you have to be in the Fortune 500 to get access to:

- Expert cybersecurity practitioners
- Streamlined compliance
- Security solutions that make sense for your unique organization
- Efficient & managed remediation for any issues that arise
- Effective ROI tracking on all of your security investments

Stop letting traditional vendors profit off your security failures. Your cybersecurity and compliance will be effortless regardless of the type or size of your business with Cyvatar's fully managed CSaaS.
