

# Meet the Future of *Cybersecurity.*

AUTOMATED & FULLY MANAGED CYBERSECURITY-AS-A-SERVICE FOR STARTUPS & SMBS.

## What does Cyvatar do?

We are a collective team of passionate humans with a purpose. Everyone at Cyvatar shares the mission (and passion) to transform the cybersecurity industry for the better, making security accessible and achievable for businesses around the world.

## And for our day job...

We're your Cyber Avatars!

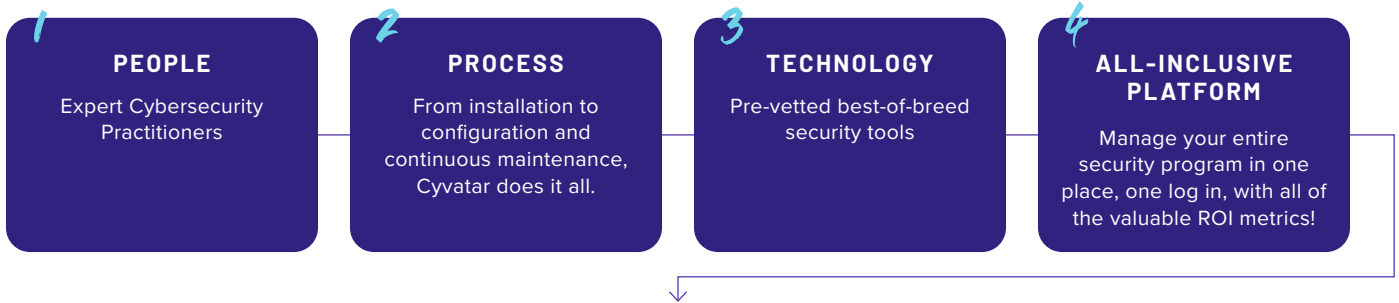

Cyvatar delivers effortless cybersecurity solutions with measurable outcomes for companies, so they can earn customer trust and grow. Think of us as your 'Cyber Avatars!'

## How and why does Cyvatar do that?

We're living in a vendor-centric, tool-crazed industry. Security vendors profit off customer failure with a reactive approach. There is a cybersecurity skill gap shortage, and customers are losing.

Until Cyvatar showed up. Companies of all sizes need to secure their business but may not have the in-house expertise, steep funds, or time to build a strategy.

With Cyvatar, businesses get:

**ROBUST CYBERSECURITY PREVENTION WITH REMEDIATION!**

OUR COMPANY AT A GLANCE:

# What the @%\$@ is Cybersecurity as a Service?

Strong cybersecurity isn't a one-time event. It's an ongoing, continuous process. CSaaS is an all-inclusive model that allows every business to achieve cybersecurity confidence.

No longer do you have to be in the Fortune 500 to get access to:

- Expert cybersecurity practitioners
- Streamlined compliance
- Security solutions that make sense for your unique organization
- Efficient & managed remediation for any issues that arise
- Effective ROI tracking on all of your security investments

Stop letting traditional vendors profit off your security failure. Your cybersecurity and compliance will be effortless regardless of the type or size of your business with Cyvatar's fully managed CSaaS.

## Cybersecurity Value Guaranteed.

Cyvatar is the fastest, easiest, and most cost-effective solution to get your business cyber-secure. With the fastest time-to-value in the industry, we guarantee your solutions will be implemented and configured with full remediation in 90 days or less.
